Witness Performing Arts is faith-based curriculum reaching out to at risk youth to build self-esteem. We will be a full performing arts school; Teaching not only the fundamentals of performing arts but core curriculum as in mainstream schools. We have a vision to take our performing arts curriculum and make it mobile to add and enhance those existing Christian schools in the valley and their educational structure.

Our faith based curriculum will be based in the Bible ie... Matthew 5 (Be Attitudes), Galatians 5 (The Fruits of the Spirit), and 1Cor 12 (Gifts of the Spirit)

Recycling Program

Our children grow so fast, and the cost of tap shoes & ballet shoes can get expensive. We have a shoe bag that you can go through for shoes if you need. When your child's shoes get too small, put them in the shoe bag and help someone else who may not have shoes. We appreciate your help and dedication to Witness Performing Arts, Inc. non-profit 501 (c) (3) program.

FITNESS Pilates

One of the Hottest crazes in the Fitness Industry today is Pilates. Founded by a man named Joseph H. Pilates in the early 1900's. This form of exercise concentrates on breathing, lengthening and strengthening your muscles from your core center. One of the essentials of Pilates exercise is focusing on getting oxygen to your muscles as you work out. Pilates offers several ways to work out:

Mat exercises

Uses ones own body weight and flexibility to increase or decrease your workout difficulty

Mat workout with small props

Includes but is not limited to thera-bands, flex ring, 4 square balls and the larger exercise balls

Machine equipment includes

Reformer, Chair, Cadillac, & Ladder Barrel

It is strongly recommended that your Pilates workout be supervised by a certified instructor for correct technique, body alignment, and breathing.
